

phD subjects of obstetric \first semester			
Number of units	Hours of practical	Hours of theoretic	subject
4	2	3	Ruminant reproduction
2	---	2	Special topics
3	2	2	Control of reproduction
2	6	---	Clinic 1
3	2	2	Surgical anatomy
1	---	1	English language
15			

phD subjects of obstetric \second semester			
Number of units	Hours of practical	Hours of theoretic	Subject
3	3	Reproduction in wild animals
2	-----	2	Reproduction physiology
2		2	Special topics
2	6	-----	Clinic 2
4	2	3	Reproduction in equine
2	2	1	Reproduction in small animals
0	---	1	Research methods
3	2	2	Designing and analysis of experiment
1	----	1	English language
19			
		34	Unites of two semester
		30	Units of thesis
		64	All unites

M.Sc. Subject of first semester			
Number of units	Hours of practical	Hours of theorist	subjects
2	2	1	Biology of reproduction
2	6		Clinic 1
2	2	1	Biochemistry of reproduction
2	2	1	Biostatistic
1	----	1	English language
2	2	1	Reproductive pathology
2	2	1	Fertility and infertility in equine and small animals
13			

M.Sc. Subject of second semester			
Number of units	Hours of practical	Hours of theorist	subjects
3	2	2	Obstetric
2	6	-----	Clinic 1
2	2	1	General surgery
1	----	1	English language
3	2	2	Endocrinology of reproduction
2	2	1	Fertility and infertility in ruminant
0	---	1	Research methods
2	2	1	Artificial insemination
0		1	seminar
15			
		28	Unites of two semester
		8	Units of thesis
		36	Number of all units
